

# Book chapters (2000 – 1977)

## A1 2000

2000 - n.1053 - (A1)

ACCOTTO, G.P., ALLAVENA, A., VAIRA, A.M. & NERVO, G.

**Inserting the nucleoprotein gene of tomato spotted wilt virus in different plant species, and screening for virus resistance.**

*In: "Plant Genetic Engineering: Towards the Third Millennium", A.D. Arencibia, Editors, Elsevier Science B.V., p. 148-154.*

## A1 1997

1997 - n.960 - (A1)

ROGGERO, P.; SOHN, M., VAIRA, A.M., HEINZE, C., MASENGA, V. & ADAM, G.

**Production of antibodies against a synthetic peptide based on a sequence common to all Tospovirus non-structural Ns protein.**

*In: Diagnosis and Identification of Plant Pathogens, Eds, H. W. Dehne et al., Kluwer Acad. Publ., Netherlands, p. 149-154.*

## A1 1996

1996 - n.894 - (A1)

CACIAGLI, P.

**Parietaria mottle Ilarvirus.**

*In: "Viruses of Plants" Eds A. Brunt, K. Crabtree, M. Dallwitz, A. Gibbs & L. Watson, CAB International, Wallingford, U.K., 1996, p. 878-880.*

1996 - n.885 - (A1)

LISA, V. & BOCCARDO, G.

**Fabaviruses: borad bean wilt and allied viruses.**

*In: "The Plant Viruses 5: Polyhedral Virions and Bipartite RNA Genomes", Eds B.D. Harrison & A.F. Murant, Plenum Press, N.Y., chapt. 9. p. 229-250. (Serie: "The Viruses", H. Fraenkel Conrat & R.R. Wagner, Editors).*

## A1 1995

1995 - n.861 - (A1)

UYEDA, I. & MILNE, R.G.

### **Guest Editors**

*Seminars in Virology* 6(2) p.85-139

1995 - n.848 - (A1)

LISA, V. & GERA, A.

### **Lisianthus.**

*In: "Virus and Virus-Like Dis. of Ornamentals", G. Loebenstein, A. Brunt & R. Lawson Eds, J. Wiley & Son, Chichester, U.K., Chapt. 40, p.443-448*

1995 - n.847 - (A1)

LISA, V.

### **Dianthus barbatus.**

*In: "Virus and Virus-Like Dis. of Ornamentals.", G. Loebenstein, A. Brunt & R. Lawson Eds, J. Wiley, & Son, Chichester, U.K., Chapt. 43, p.460-464*

1995 - n.846 - (A1)

LISA, V.

### **Dimorphotheca sinuata.**

*In: "Virus and Virus-Like Dis. of Ornamentals.", G. Loebenstein, A. Brunt & R. Lawson Eds, J. Wiley & Son, Chichester, U.K., Chapt. 45, p.471-474*

1995 - n.845 - (A1)

LISA, V.

### **Carnation.**

*In: "Virus and Virus-Like Dis. of Ornamentals.", G. Loebenstein, A. Brunt & R. Lawson Eds, J. Wiley & Sons, Chichester, U.K., Chapt. 34, p.385-395*

## A1 1994

1994 - n.800 - (A1)

MILNE, R.G.

### **Some historical and recent perspectives on immunoelectron microscopy of plant viruses and Mycoplasma-like Organisms.**

*In: "Virology in the Tropics", Eds. N. Rishi, K.L. Ahuja & B.P. Singh, Malhotra Publ. House, New Delhi, India, p. 583-600*

1994 - n.685 - (A1)

MILNE,R.G. & MARZACHI',C.

**Cryptoviruses.**

*In: "Encyclopedia of Virology", Eds. R.G. Webster & A. Granoff, Academic Press, p. 274-278*

## **A1 1993**

1993 - n.760 - (A1)

BENDAHMANE, M., KHEYR-POUR, A., MATZEIT, V., ACCOTTO, G.P., CRESPI, S. & GRONENBORN, B.

**Séquence nucléotidique du virus du jaunissement et de la courbure des feuilles de la Tomate: isolat de Sardaigne.**

*In: "Le Progrès Génét. Passe-t-il par le Repert. et l'invent: del Genes"? Ed. AU-PELF-URE, pp, 123-133*

1993 - n.714 - (A1)

MILNE,R.G.

**Electron microscopy in vitro preparations.**

*In: "Diagnosis of Plant Virus Diseases", R.E.F. Matthews, CRC Press,Boca Raton U.S.A., p. 215-251*

1993 - n.647 - (A1)

MILNE, R.G.

**Solid-phase immune electron microscopy of virus preparations.**

*In: "Immuno-Gold Electron Microscopy in Virus Diagnosis & Research", Eds.A.D. Hyatt & B.T. Eaton,CRC Press, p. 25-70*

## **A1 1992**

1992 - n.672 - (A1)

MILNE,R.G.

**Immunolectron microscopy of plant viruses and mycoplasmas.**

*In: "Adv. Disease Vector Research", Ed. K.F. Harris, Springer Verlag, Cap.9, p.283-312*

## **A1 1991**

1991 - n.673 - (A1)

MULLINEAUX,P.M., CREISSEN,G., REYNOLDS,H.V., ACCOTTO,G.P. & WOOLSTON,C.J.

**Organization of the genome of geminiviruses which infect the gramineae.**

*In: "Biochemistry and Molecular Biology of Plant-Pathogen Interactions", C.J.Smith Ed., Oxford Univ. Press, p. 50-75*

1991 - n.660 - (A1)

PALUKAITIS,P.F., KURATH,G. & BOCCARDO,G.

**Viroids-purification, characterization, diagnosis, and detection of sequence variation: application to the carnation stunt associated viroid RNAs.**

*In: Viroids and Satellites : Molecular Parasites at the Frontier of Life, Ed. K. Maramorosch, CRC Press, p. 59-77*

1991 - n.656 - (A1)

MILNE, R.G.

**Immunoelectron microscopy for virus identification.**

*In: "Electron Microscopy of Plant Pathogens", Ed. K. Menden & D.E. Lesemann, Springer-Verlag, Berlin, p. 87-102*

1991 - n.640 - (A1)

LHERMINIER,J., BOUDON-PADIEU,E., MEIGNOZ,R., CAUDWELL,A. & MILNE,R.G.

**Immunological detection and localization of mycoplasma-like organisms (MLOs) in plant and insects by light and electron microscopy.**

*In: "Electron Microscopy of Plant Pathogens", Ed. K. Mendgen & D.E. Lesemann, Springer Verlag, p.177-184*

## A1 1990

1990 - n.521 - (A1)

CONTI, M., D'ARCY, C.J., JEDLINSKI, H.& BURNETT, P.A.

**The "yellow plague" of cereals, barley yellow dwarf virus.**

*In: World Perspectives on Barley Yellow Dwarf, CYMMIT, Mexico, P.A. Burnett Ed. p. 1-6*

1990 - n.519 - (A1)

CACIAGLI, P., COCEANO, P.G., CASSETTA,A. & CONTI, M.

**Migration of aphid vectors of Barley Yellow Dwarf in Northeast and Northwest Italy.**

*In: World Perspectives on Barley Yellow Dwarf, CYMMIT, Mexico, P.A. Burnett Editor p. 247-254*

1990 - n.518 - (A1)

CACIAGLI, P.

**Recovery of an isolate of Barley Yellow Dwarf Virus from barley in Northwest Italy.**

*In: World Perspectives on Barley Yellow Dwarf, CYMMIT, Mexico, P.A. Burnett Editor p. 161-165*

1990 - n.517 - (A1)

LOI, N., PERESSINI, S., CONTI, M., CASSETTA, A., COCEANO, P.G. & OSLER, M.

**Natural infectivity of migrating aphid vectors of barley yellow dwarf virus in Northern Italy.**

*In: World Perspectives on Barley Yellow Dwarf, CYMMIT, Mexico, P.A. Burnett, Editor p. 255-259*

## A1 1988

1988 - n.678 - (A1)

MILNE,R.G.(redattore)

### **Vol. 4 "The Filamentous Plant Viruses" - The Plant Viruses.**

*Plenum publishing Corp., New York, pp. 423*

1988 - n.677 - (A1)

MILNE,R.G.

### **The economic impact of filamentous plant viruses: Introduction, chapter 10.**

*In:"The Plant Viruses", Vol. 4 - The Filamentous Plant Viruses, ed. R.G.Milne Plenum, N.Y, p. 333-335*

1988 - n.676 - (A1)

MILNE,R.G.

### **Taxonomy of the rod-shaped filamentous viruses.**

*In:"The Plant Viruses", Vol.4 -The Filamentous Plant Viruses, Ed. R.G. Milne, Plenum, N.Y. p. 3-50.*

## A1 1987

1987 - n.486 - (A1)

CONTI, M.

### **Reoviruses of grasses and cereals and their vectors.**

*Proc. 2nd Int. Workshop Leafhop. and Planthop.of Econ. Importance, Provo, Utah 28 July - 1 August 1986.*

*Eds. Wilson, M.R. & R.L. Nault, CIE, London, p. 93-100*

1987 - n.480 - (A1)

BOCCARDO,G., LISA,V., LUISONI,E. & MILNE,R.G.

### **Cryptic plant viruses.**

*Advances in Virus Research 32: 171-214.*

## A1 1986

1986 - n.476 - (A1)

MILNE,R.G.

### **New developments in electron microscope serology and their possible applications.**

*In: "Developments and Application in Virus Testing", Eds. Jones,R.A.C. & Torrance,L., AAB P, p. 179-191*

## A1 1985

1985 - n.423 - (A1)

CONTI, M.

**Transnission of plant viruses by leafhoppers and planthoppers.** In: "The Leafhoppers and Planthoppers" edited by

*L.R.Nault & J.G. Rodriguez, John Wiley & Sons,Inc., p. 289-307*

1985 - n.394 - (A1)

FRANCKI, R.I.B., MILNE, R.G. & HATTA, T.

**Atlas of Plant Viruses, CRC Press, Boca Raton, Florida, USA, Vol. I, pp.222, Vol. II, pp.284.**

1985 - n.377 - (A1)

BOCCARDO, G.

**Viroid etiology of tinangaja and its relationship with cadang-cadang disease of coconut.**

*In:"Subviral Pathogens of Plants and Animals: Viroids and Prions", Academic Press, chapt. 4, p. 75-99*

## A1 1984

1984 - n.378 - (A1)

CONTI, M.

**Epidemiology and vectors of plant reolike viruses.**

*In: "Current Topics in Vector Research", edited by K.F.Harris, Praeger Publ., New York, Vol. 2:110-139*

## A1 1983

1983 - n.358 - (A1)

BOCCARDO, G., LISA, V. & MILNE, R.G.

**Cryptic viruses in plants.**

*In: "Double stranded RNA Viruses", Eds. R.W. Compans & David H.L. Bishop, Elsevier Publ. p. 425-430*

1983 - n.323 - (A1)

FRANCKI, R.I.B. & BOCCARDO, G.

**The plant reoviridae.**

*In:"The Reoviridae", E.K. Joklick (Ed.), Plenum Press, New York , 505-563. Serie "The Viruses" Eds. H. Fraenkel-Conrat & R.R. Wagner.*

## A1 1981

1981 - n.263 - (A1)

CONTI, M.

**Wild plants in the ecology of hopper-borne viruses of grasses and cereals.**

*In: "Pest Pathogens and Veg." Ed. J:M: Thresh, Pitman Adv. Publ. Program, London, p. 109-119*

1981 - n.225 - (A1)

WETTER, C. & MILNE, R.G.

**Caralviruses.**

*Handbook of Plant Virus Infections and Comparative Diagnosis, E. Kurstak Ed., Elsevier, p. 695-730*

## A1 1977

1977 - n.234 - (A1)

MILNE, R.G.

**Critica a: "The Atlas of Insect and Plant Viruses", K. Maramorosch (Ed.), Academic Press, London.**

*Protection Ecology 1:291-297*

1977 - n.151 - (A1)

MILNE, R.G. & LUISONI, E.

**Rapid immune electron microscopy of virus preparations.**

*Methods in Virology. K. Maramorosch & H. Koprowski Eds, Academic Press, N.Y., 6: 265-281*

1977 - n.145 - (A1)

MILNE, R.G. & LOVISOLO, O.

**Maize rough dwarf and related viruses.**

*Advances in Virus Research 21:267-341*
